

# The Easiest Way to Help Your Child Thrive in School... Which 99% of Parents Never Do.

## ***Award-Winning Kids' Personality & Learning Expert and Author Reveals:***

Why and how your kids are probably wired to learn differently than you

Five tips to help kids turn homework headaches into study success

Two surprising ways you could be killing your kid's creativity

Top 10 secrets to unleash your child's inner Einstein

How to prep your child for quizzes and tests with Twister, Trivial Pursuit and Candy Land

Five ways you could be unintentionally sabotaging your child's grades.

rave reviews not only from our members around the world, but from major award organizations like Parent Tested Parent Approved, Then National Parenting Center, and Academics' Choice. My books, articles, and website have been featured in many publications, radio shows, and television shows including:

89 of the Fortune 100 use personality type in their businesses. We need to apply the same techniques to our kids and teachers so that they realize how FUN learning and working together can be.

I'll let in on little known secrets that will help you understand why there's not just one "best" way to study for greater school success.

### ***About Me:***

I'm the Founder of Kidzmet.com, which has helped tens of thousands of parents, teachers, and kids understand how they are uniquely wired to learn best. My book, *A Parent's Playbook for Learning*, has won

At home, though, I savor being just "Mom" to a daughter and son who are as different as yin and yang.
